

Manufacturing Careers Word Search

Lesson Plan

Length: One – 40 Minutes

Objective: Students will:

- Identify different careers in manufacturing.

Materials:

- Louisiana Central: We Make Good Stuff Word Search worksheet
- We Make Good Stuff Video Series – https://bit.ly/WeMakeGoodStuff_youtube

Description of Activity:

1. Ask the class to “Name something you think is made in Central Louisiana?”
Examples to share: Tide Pods, Utility Poles, tanker cars for trains.
 2. Give each student/team the We Make Good Stuff Word Search Worksheet.
 3. Have each student complete the word search.
 4. As a class, discuss the careers listed on the worksheet.
1. Allow 10-15 minutes for students to watch the various short videos in the We Make Good Stuff video series.
1. Have the class brainstorm about ways which manufactured products are used in everyday activities. Think about cell phones, cars and other forms of transportation, medical devices, food, paper, metal and plastics.

October is Manufacturing Month

Manufacturing Careers Word Search

Answer Key

Lineman
Assembler
Plant Manager
Wood worker

Baker
Production Line
Technician
Welder

Millwright
Packager
Inspector
Machine Operator
